This is another opportunity for you to participate in this excellent study. It will be time well spent! \$10 covers your lunch, snacks and materials. #### **"Would Jesus Discriminate? - The Campaign, The Issues, The Facts"**

This one-day training will help you see the big picture plus the background that not only brought us to this action but underlies the urgency for us to speak out. Hear statistics about hate crimes against LGBT people. Understand the terms people use in talking about our diverse community. Learn to speak effectively about the effects of discrimination. Look further at your own biases, assumptions and prejudices. Learn about the Universal Declaration of Human Rights. Hear about action events planned and how you can be part of changing attitudes in North Texas! This class will be team-taught and will be held at Promise MCC. Please register at [office@mccgd.org](mailto:office@mccgd.org) or 972-243-0761.
